

Legionella Awareness – E-Learning

Medical Supermarket are pleased to offer the quotation for Legionella Awareness training.

This e-learning course comprises of an introduction and an easy-to-follow study unit. After completing this unit you will have a fundamental understanding of what Legionella is, where it is found, how it infects people and the symptoms and consequences of contracting Legionnaires Disease.

Legislation: This unit covers the legal obligations of people who are responsible for the control and maintenance of commercial, industrial, public sector and residential premises including employers and landlords relating to the prevention of water contamination with Legionella Bacteria

Learning Objectives: at the end of the course, students will be able to:

- Explain what Legionella Bacteria is
- Understand the route of Infection
- Describe how suitable conditions for bacteria growth can be found
- Identify who is responsible
- Perform risk assessments
- Understand the reasons for Legionella sampling, cleaning, disinfection and chlorination

It is recommended that two people on site have the training i.e. the Responsible Person and their Deputy.

Price per person: £30.00 + VAT

We would require the full name of each candidate, so the Certificate printed at the end will be in the correct name.

Please let us know if there are any queries, or if you wish to proceed with this training.
